

# Coalition for a Healthy Darke County

## *1st Community Outreach Event*

### Join Us!

You are invited to learn about a new organization.  
The *Coalition for a Healthy Darke County* is leading our community in a collaborative effort to impact **health, wellness and social issues**

The Coalition has identified eight areas of focus: Elder Care & Services, Mental & Behavioral Health, Physical Health, Safety, Spiritual Health, Substance Abuse, Wellness and Youth Education & Prevention.

#### **SUBSTANCE ABUSE - HEROIN**

Substance abuse, including heroin addiction, is one of the leading health issues facing Ohio and communities today.

The primary topic of the first Coalition meeting is heroin. Heroin isn't just a court or law enforcement issue. It encompasses physical, mental and spiritual health.

Panelists will give an update on where the Coalition partners are in the fight against heroin in Darke County.
